GitHub: github.com/pratik26x LinkedIn: Pratik Rakhonde Portfolio: pratiks-portfolio

SKILLS

- ❖ **Programming** : Java, C++, Python, JavaScript.
- ❖ **Web Technologies** : HTML, CSS, Tailwind CSS, React.js, Django.
- ❖ **Database** : MySQL, MongoDB.
- ❖ **Cloud & DevOps** : Google Cloud (GCP), AWS, Azure.
- ❖ **Tools & Platforms** : Git, GitHub, VS Code, Docker.

EDUCATION

- ❖ Master of Computer Applications (MCA) | Dr. D.Y. Patil Institute of Management & Research, Pimpri | Ongoing

- ❖ Bachelor of Computer Applications (BCA) | Smt. Maherbanu College of Science & Commerce, Akola | First Division | 2024

- ❖ XII | R.L.T College of Science & Commerce, Akola | 92.5% | 2021

EXPERIENCE

Data Science and AIML Intern | YBI Foundation (Remote) | [25/Oct/2024]

- Built AI/ML models for predictive analytics.
- Developed Python-based solutions for data processing.
- Used Google Cloud, Streamlit, and GenAI tools for deployment.

Open Source Contributor | Google Developer Student Clubs | [13/Jun/2024]

- Contributed to GenAI Study Jam: worked on Prompt Design in Vertex AI & Gemini.
- Worked with **Google Vertex AI & Gemini API** to develop **AI-driven solutions**.

ACADEMIC PROJECTS

AI-Powered Chatbot (OpenAI API, ChatGPT)
- Created a **personalized AI chatbot** using **OpenAI's GPT API**.
- Implemented **user-specific responses and context retention**.
- Tech Stack: **Python, Flask, OpenAI API, Streamlit**.

Airbnb Clone (Full Stack Web App)
- Developed a **full-stack property listing platform** with user authentication.
- Implemented **secure payment integration** and real-time booking features.
- Tech Stack: **MERN (MongoDB, Express, React, Node.js), Firebase, AWS**.

GitHub Clone (Version Control System)
- Implemented a **basic version control system** with file tracking & commits.
- Built **repository management & collaboration features**.
- Tech Stack: **MERN, GraphQL, Docker**.

Zerodha Clone (Stock Trading Platform)
- Built a **real-time investment platform** with stock price tracking.
- Integrated **RESTful APIs** for fetching live market data.
- Tech Stack: **MERN, WebSockets, AWS Deployment**.

LinkedIn Clone (Social Media Platform)
- Developed a **professional networking site** with post creation & messaging.
- Enabled **profile customization, job postings, and user connections**.
- Tech Stack: **MERN, Firebase, Redux Toolkit**.

Zoom Clone (Live Video Conferencing)
- Developed a **real-time video conferencing solution** using WebRTC.
- Enabled **screen sharing, chat, and multi-user video calls**.
- Tech Stack: **Node.js, WebRTC, Socket.io, React**.

CERTIFICATIONS

- ❖ **Google Cloud:** Develop GenAI Apps with Gemini & Streamlit *(May 2024)*.
- ❖ **Google:** Prompt Design in Vertex AI *(May 2024)*.
- ❖ **AWS:** Introduction to Information Technology & AWS Cloud *(Jan 2024)*.
- ❖ **Microsoft:** UI/UX Design Fundamentals *(Feb 2024)*.
- ❖ **Infosys Springboard:** Software Engineering *(Nov 2024)*.
- ❖ **Skillsoft:** GCP Data Engineer Pro *(July 2024)*, Azure Fundamentals *(July 2024)*.

POSITION OF RESPONSIBILITY

- ❖ **GDSC Member** | **University of Calcutta** | Google Developer Student Clubs (GDSC).
- ❖ **Hackathon Organizer | TechTitans, DYPIMR** | Managed university-level **tech events & coding competitions.**

ACHIEVEMENTS / HOBBIES

- ❖ **Asia AI Odyssey Challenge Winner** *(May 2024)*.
- ❖ **Google Cloud Arcade Swag Earner** *(2024)*.
- ❖ **Open Source Contributor** *(GDSC, GenAI Study Jam)*.
- ❖ **Hobbies** : Competitive Coding, Painting, Playing Cricket.
